

Dr. Temi Adeshokan is a newly qualified family physician currently working as a locum in the South-East London, UK and relocating to West Kelowna, BC, Canada to start a family medicine practice in March 2021.

She graduated from St. George's, University of London, UK in 2014 and obtained a Bachelor of Medicine, Bachelor of Surgery and awarded Merit in Clinical Sciences. She completed her Family Medicine Residency in 2019.

She spent 3 years on the Medical School Rowing team, and still maintains a keen interest in sports and general health and fitness. Her current interests are running and swimming, and she is working on increasing her running distances. She also enjoys attending the theatre and classical music as well as working through her ever expanding wish list of activities, such as Skydiving which she crossed off in the summer of 2018.
